California Oil Investments

As shown by the official statement of the San Francisco Stock Exchange, over \$1,400,000 were paid by the listed oil companies for June. Some remarkable records have been made by some of the oil companies promoted by W. J. Illinois Crude, for instance. This company has paid \$9400 an acre in dividends already and is producing now about 50% more oil than it did a couple of years ago.

Through our long experience in California oil we are able to select only good companies for our hundreds of clients. We may mention Premier, Section Six, Palmer, Yellowstone, Crescens, etc., which are all heavy producers. Amongst the low-price stocks we RECOMMEND THE IMMEDIATE PURCHASE OF SHARES OF THE "VENTURA OIL DEVELOPMENT CO.", which, according to present indications, will become our banner company. The shares are offered now AT 15 CENTS EACH, but the price will be ADVANCED ON JULY 22. Make therefore your investment now, and reap the benefit of the advance in price. We have sold a great many shares, and we want you to join us in the road to success.

My attitude is along the lines of progressive control of the liquor traffic. I believe that the existing law is a good one, and I defended it on that opinion at the last regular session of the Legislature. If it is to be improved or there is a strong sentiment requiring a change, let a local option feature be incorporated in it.

A prohibition law in a district that was not supported by the people therein but was due to a vote cast in other parts of the Territory, would result in perjury, evasion and connected evils.

I have strong doubts of prohibition legislation on the Territory as regards the enforcement of the law.

SALVATION

ARMY MATTERS

Major John Willis, divisional officer for the Hawaiian Islands, Salvation Army, writes the corps' officer here that Colonel Miles is drawing good crowds and deep interest is manifested in the meetings which have been held in Waikuku and other places in Maui. Last evening the Colonel spoke in the new Army hall at Honokaa, and tomorrow evening will be the beginning of his campaign in Hilo, Hawaii.

Colonel Miles has been from the beginning of his army career, many years ago, convinced of the necessity of caring for the children and women youth, "the little men and women" coming on. He was given, by General Booth, the oversight of all the juvenile and young people's work of the Salvation Army in England, when but a mere youth himself. At that time he organized the young people into a quite elaborate system of religious and industrial class-work. This

has grown continually from year to year in importance. The Honolulu campaign begins on August 6th, with a welcome meeting to the Colonel, and continues until Tuesday evening August 9th, when the Colonel "ties the knot" for two army officers from the Hawaiian Islands division. He sails on the Sierra on the 10th for the Coast. The "Hallelujah wedding" will be held in the army hall and the tickets are on sale at twenty-five cents.

LAST CALLS MADE

Official calls were made and returned yesterday between the French and American admirals now in the port. During the forenoon Admiral de Castries made a farewell call on Rear Admiral Rees and during the afternoon the call was returned by Rear Admiral Rees, accompanied by Captains Rodman and McDonald of the American cruisers now in port. The French cruiser departed for Hilo early this morning.

FRENCH CRUISER

OFF FOR HILO

After a pleasant stay of eight days at the port of Honolulu, the fine French cruiser Montcalm, Admiral de Castries, commander, cast off her lines from the navy wharf at 7 o'clock this morning and steamed out of the harbor for Hilo. The vessel will remain at the Hawaii port sufficient time to permit of a visit to the volcano by a number of her officers.

Upon leaving Hilo the Montcalm will proceed to Seattle, afterwards cruising down the west coast of the United States to San Francisco, where the vessel will go into dock for a much-needed cleaning. The cruise as mapped out by the French Admiralty includes a visit to Mexican, Central and South American ports, thence across the Pacific to Tahiti and on to Australia.
